Differentiating for younger or LA children

- 1) With younger children you might chose to do all of this verbally to begin with and you will need to model how to write the answers in sentences. I have used test style marks to allow the children to get used to this but this is optional.
- 2) You might choose to focus on 1 skill only and a smaller extract from the book.
- 3) You might do this as a whole class and model how to locate the answers.
- 4) You might choose to work with a group only.
- 5) You might choose to let your HA start independently and work with the rest of the class.

Task: Use the question prompts to write your own questions to use with your class.
