*The 'mote' Google Chrome extension is one of the ways in which staff can leave recorded oral feedback for pupils on assignments in the Google Classroom.*

If pupils have the 'mote' extension installed, they will see the purple play icon, which they click to hear the feedback.

Will Jackson 5:31 PM
Click to hear or read my voice note... https://mote.fyi/adcern5

If pupils do not have the 'mote' extension installed, they will instead see a hyperlink, which they click to hear the feedback.

If you would like the extension to be installed, simply type into the Google search box 'mote' and it will take you to the chrome web store. Select 'Add to Chrome'. This tutorial demonstrates: Mote- How to Install

Some tasks may involve pupils adding images or photographs to slides. This tutorial demonstrates the different ways that this can be achieved:
Adding Images to Google Slides
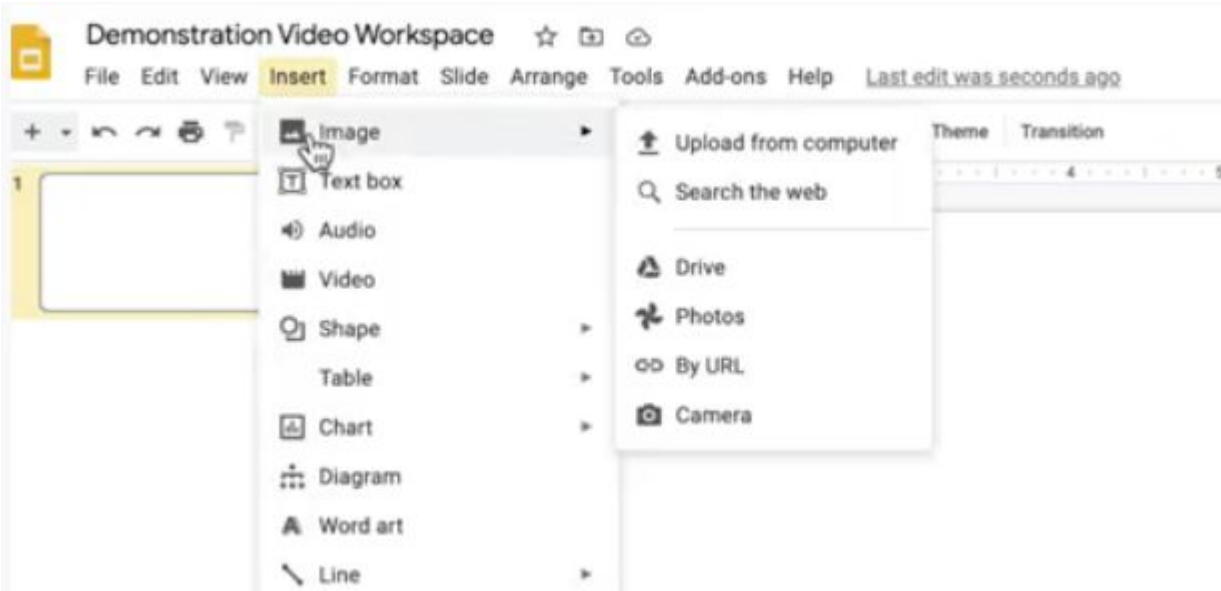

Some pupils submit photographs as separate files alongside their assignments.
This is an opportunity to show us their learning that takes place outside of typed responses in assignments. This tutorial demonstrates how to do this.
Upload photographs alongside assignments
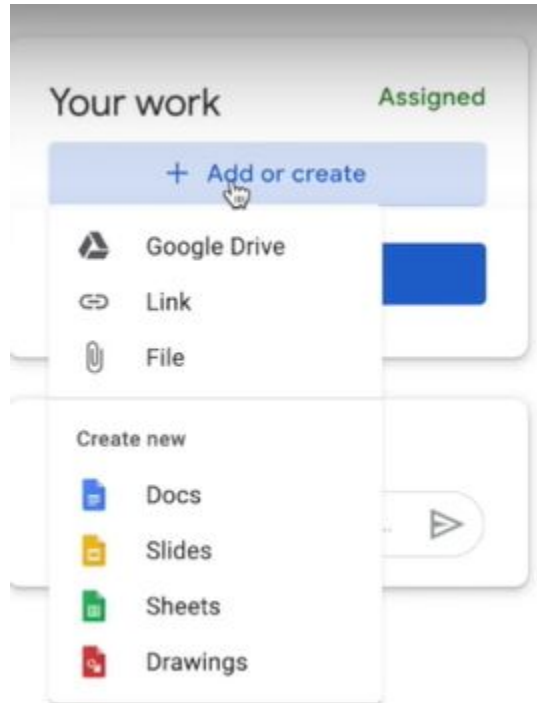

To see any adult comments on these photographs is a bit trickier than seeing the comments in Google Slides.

maths, a few
pages of Maths No Problem

ADDITIONAL FEATURES

TO MAKE YOUR HOME LOOK TRULY OUTSTANDING, YOU MAY NEED TO ADD SOME ADDITIONAL FEATURES.

•MAYAN WALLS ARE MADE OUT OF CLAY AND MUD, WHICH CAN BE LIME WASHED TO GET A MAGNIFICENT SHADE OF WHITE
•YOU COULD BUILD A CHICKEN COOP TO KEEP YOUR LIVESTOCK SAFE
•INSULATE YOUR HOUSE WITH UNDER-FLOOR HEATING (YOUR DEAD REALATIVES BURIED UNDER YOUR HOUSE). THIS IS TRADITIONAL FOR THE ANCIENT MAYANS ON A LOWER BUDGET (THE SLAVES, PEASANTS AND FARMERS).
•IF YOU WANT TO KEEP YOUR BUILD TRADITIONAL, THERE SHOULD BE NO WINDOWS OR CHIMNEYS.

*YOU MAY NEED TO GO BACK TO THE DRAWING BOARD IN THREE MONTH'S TIME AS YOUR HOUSE HAS BEEN MADE OUT OF PERISHABLE MATERIALS

ELABROATE INTERIORS

TO TOP OFF YOUR MAGNIFICENT HOME, YOU COULD USE NATURAL RESOURCES TO CREATE POTS, SCULPTURES, BOWLS AND BEDS.

HIGHER BUDGETS

LEARN

Pupils must remember to 'Hand In' assignments for adults to know that they have completed the remote learning and then take the opportunity to provide feedback. See below for how to do this.

Enter the Google Classroom and select the 'Classwork' tab. Find and click on the assignment. (You can also find the assignment in the class stream.)

The tab will expand, allowing you to click on the 'View Assignment' tab or you could click on the Google Slides thumbnail. This will open the assignment. Depending on your device, the slides may open fully or you may have a 'present view' where you can not edit. If this appears, click the three dots on the far right and select 'Open in new window'. Then select 'open in Google Slides'.
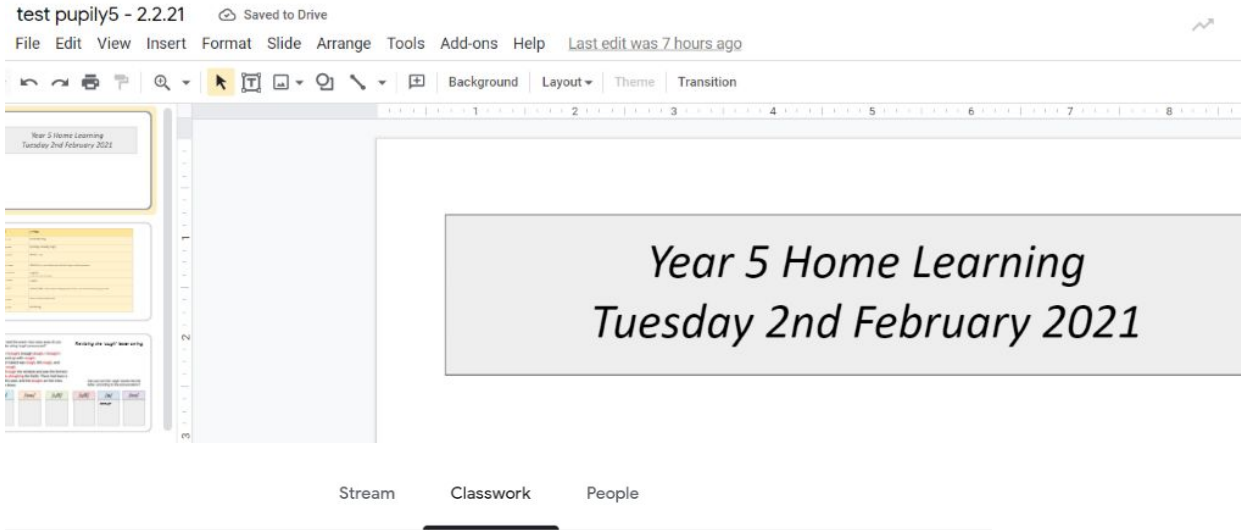

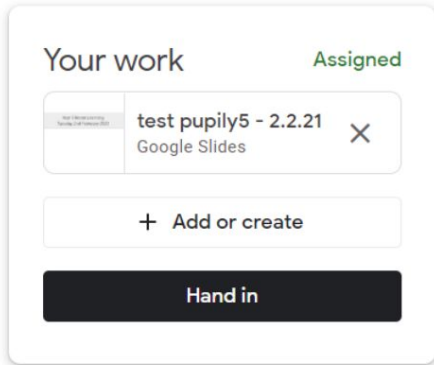

The file will open, allowing you to interact with the assignment and add responses. When all finished, close the webpage.
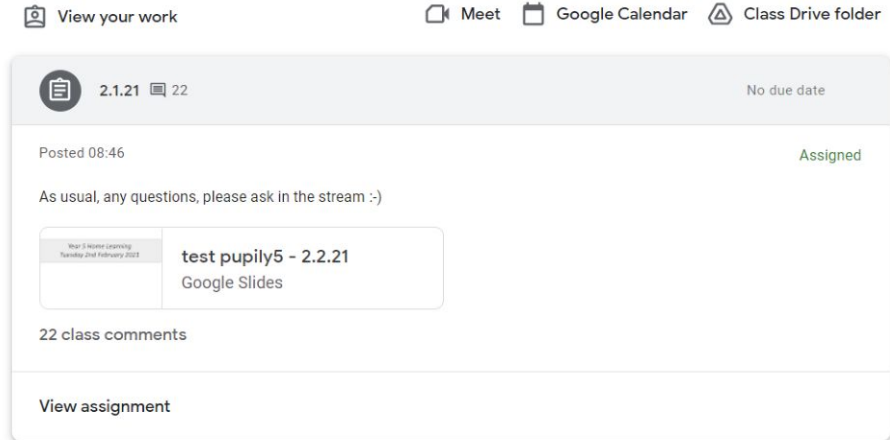

*Return to the 'Classwork' tab and click 'View assignment'.*

Hand in

Private comments

Add private comm...

This is where you can 'Hand in' which sends the assignment to the staff member to review. Here is where you can also add any photographs or extra documents that you would like to share.

When the assignment has been reviewed and returned by an adult, return here to see any comments. There may also be comments on individual pages of the assignment. Open the assignment fully (by clicking on the Google Slides thumbnail) to review these. To see comments on individual photographs, please see the earlier section of this tutorial guide.

If using an iPad to access assignments in the Google Classroom, we have found that going through the Safari browser and not through the app, allows the audio and video clips to play. We are aware that using the platform can be trickier using an iPad (the need to download the Google Slides and Meet applications for example). Please speak to the class teacher if this is impacting on the remote learning and we will do our best to support.
