Hove Learning Federation Holland Road Newsletter

Friday 9th December 2022

Dear Parent/Carers,

We would like to thank parents and carers for their support with preparing the infant children for their fantastic Christmas productions this week. We are looking forward to seeing junior parents next week for more wonderful performances in the 'fabulous finishes'.

The Junior School is delighted to confirm that it has been awarded 'Inclusion Quality Mark Flagship Status'. We are very proud of our inclusion team and the continued hard work and commitment to inclusion across the whole federation. The IQM report can be read on our website at <https://www.hovejuniorschool.co.uk/iqm>. As you will read, one of the key targets this year was the co-location of the infant school and ensuring consistency across the federation for inclusion. We have asked IQM to incorporate the Infant School into the award and will keep you updated on the progress of this.

Don't forget we have our Christmas fair at Holland Road today, Friday 9th December. We look forward to seeing you there and thank you again for your continued support for the school.

It will be own clothes day on the last day of term and children can come in a Christmas jumper/festive accessory if they prefer. As a school we want to emphasise that we would not encourage parent/carers to buy anything new for this and this is purely optional.

In the spring term we will be having our Year 4 multiplication workshops to provide parent's with more information on the upcoming statutory tests for this year group. Dates are as follows:

Tuesday 10th Jan 3:30pm - Portland Road

Wednesday 11th Jan 3:30pm - Holland Road

We look forward to welcoming you back to school on Wednesday 4th January. Tuesday 3rd January is a school inset day.

Please continue to keep in contact with us – should you have any questions or concerns, contact us via the following:

Infants and Juniors

Christmas Fair

Friday 9th December

The children may wear their party clothes to school on Christmas Party Day (all children must wear regular school shoes only). In the afternoon the children have their Christmas Party in classrooms and hopefully, get a visit from Santa! We ask you to contribute food for the class party, a list will be displayed nearer the time outside your child's class. If your child has allergies to certain foods we ask that you bring their party food in a named lunch box. (N.B on party days, if your child normally has a packed lunch they will still need this).

Girls Football

Game vs Peter Gladwin on Wednesday 23rd November

The girls' team secured a hard-fought 0-1 victory away at Peter Gladwin on Wednesday. The team turned up at the little school in Portslade with a big score to settle, following defeat by the same opponent via a cruel penalty shootout which dumped them out of the recent tournament at Brighton Uni.

We wanted to pile on the pressure to get the first goal, but despite some good spells and half-chances, the match was still all square at the half-time break. Going into the second half we continued to push for a goal, and this came quite early on through a measured, neat finish by Darcy inside the near post. The celebrations were wild and the girls were clearly ecstatic to have gone ahead in the game.

Once focus had returned and the smoke bombs had been extinguished, the team went to work on trying to obtain a second goal, but Peter Gladwin were resilient and despite coming close on a number of occasions, we just couldn't break through again. Narimene made some brilliant driving runs through the middle, whilst Sara (as always!) covered virtually every blade of grass, disrupting the opposition and making important tackles.

As the game drifted into the latter stages, our focus started to turn towards defending our lead and absorbing the building pressure from Peter Gladwin. This is where the team did fantastically - Tackles all over the pitch, Erin making consecutive saves and lots of effort from everyone.

Inside the last two minutes, we gave the ball away and a shot from Peter Gladwin was rifled towards the corner of the goal. From the sidelines, it looked destined to hit the back of the net...Then Erin happened. Her finest save to date, tipping the ball narrowly around the post. This one piece of goalkeeping secured the win and gave the team the fire needed to see out the closing moments.

Well done girls! What a performance!

Year 4 Swimming at Holland Road

This half term, 4 Amber class have enjoyed 6 fun weeks of swimming lessons at Windlesham School.

The children have worked hard on their skills in the pool and have embraced all the challenges set by their swimming teachers. We have watched all the children grow in confidence in the water and improve their swimming skills.

Thank you to all the parents who gave up their afternoons to walk with us to the pool and back - your help is invaluable!

Renovation of the Top Garden

On 25th November, just under a year since the Infants moved to our new Holland Road home, our renovation of the Top Garden was completed. We cannot thank the PTA enough for their endless generosity, as well as the whole school community in bringing our vision to reality.

During learning time the Top Garden will be used primarily by the Reception children. However, the raised beds are for the whole school to enjoy with each season bringing new opportunities to plant and harvest vegetables and flowers. The junior children have also built a 'Bug Hotel' for all of the creepy crawlies in our garden to shelter in year-round.

Year 6 States Day

At Holland Road, Year 6 took part in their 'States Day' on Thursday 24th November. We saw lots of very creative outfits based on a range of American states. During 'States Day', the Year 6s delved into Hawaii and Texas where they sampled different food and drink, found out unusual facts about Hawaii and made comparisons between Texas and Brighton. The Year 6s have loved our America topic this term and are looking forward to our next topic on World War II.

Breakfast Club Gold Healthy Choice Award

We are delighted to report that our lovely Breakfast Club has achieved The Gold Healthy Choice Award; the highest level of award given to breakfast clubs that meet both nutritional and activity guidelines.

As supporters of the whole school focus on healthy lifestyle, we aim to provide a varied and balanced breakfast with lots of choices to meet each child's individual preference, needs and requirements. We also include activities that support children's mental health, recognising the role that a healthy diet has in achieving good health.

So we are extremely proud of having received the award for such an important subject.

MHST newsletter: low mood

Welcome to this edition of the MHST newsletter!

Psychoeducation

The trees are losing their leaves, the days grow shorter—we've arrived in the last month of the autumn season. The topic of

this newsletter is low mood. Everyone feels low, down, sad, or like they can't be bothered sometimes, but sometimes this low mood sticks, and we can find we feel like that for longer

periods of time. When we continue feeling down, this might start to impact our lives negatively. Low mood can affect our appetite (wanting to eat more or less), our sleeping patterns (sleeping for longer, sleeping later or during the day, struggling to sleep), and this effects our ability to concentrate and remember information. We are also likely to feel more irritable than usual, feel lonely or maybe feel like crying. There are many reasons we might feel like this, including biological, genetic, cognitive and behavioural reasons. If you have been feeling low there are a number of things that might help. We have collated a number of strategies below. If you need further help, our signposting page show how to access further support.

A **routine** of going to school, getting up at the same time every day and having fixed meal times, helps give us structure and predictability. Although it can be difficult to keep to a routine at the moment, this is really important for our mood and health.

Top Tips

Sleep has a big impact on our mood and our mood has a big impact on our sleep. Some strategies for improving our sleep are having a bedtime routine, an hour before getting into bed which includes calming activities and no screen time and to go to bed and get up at similar times each day (also in the weekends). For more sleep tips, have a look at our previous newsletter

Getting active, for example by going for a run, joining a football team or cycling can really lift some of the feelings of low mood. This is because exercise releases chemicals in our body which regulate and naturally boost mood.

Food affects our mood, so it pays to be aware of what we eat and what impact this might have. For example, Caffeine can give us a lot of energy quickly but then we can crash and feel low later. Also whilst we might not feel like eating healthily, sticking to the basics of 5 a day, eating enough protein, lots of fibre and drinking enough water all helps regulate mood.

Strategies

CBT

Cognitive behavioural therapy (CBT) works on the principle that feelings are linked with thoughts and behaviour. For example, if we feel low we might not want to go out, which might make us think of how we are letting people down. Whilst feelings are usually what we want to change, it is really hard to change these directly. Instead, the strength of the CBT model is that we are able to make changes to the feelings by addressing the thoughts and behaviours, for example with the two CBT treatments below:

Behavioural Activation (BA)

What we do (or don't do) can be a key driving force in the downward spiral of low mood, where not doing things that are meaningful to us leads to a less rewarding and enjoyment-filled life, and in the absence of mood-lifting activities, mood stay low. Therefore, BA focuses on reversing that cycle, by reintroducing meaningful activities back into our lives, even if the motivation to do those things is lacking to start with. Behavioural activation as a treatment for depression is delivered by a mental health professional, for more support, see the signposting links below.

Cognitive restructuring (CR)

Alternatively, or additionally, it might be that your thoughts are keeping you down. One of the basic, but very powerful, principles of CBT are that "*Thoughts are not facts*" and that the way we interpret things can change if we practice this. In CR, we learn to recognise the thoughts that drive our bad feelings, and then take a step back from them, for example by looking at how someone else might see that information, or whether our thoughts were driven by feelings or facts. Once we've taken a step back, we can usually rephrase our original thought into something more helpful or kinder to ourselves.

MHST WORKSHOPS 2022-2023

ONE-OFF PARENT VIRTUAL WORKSHOPS 12.30-1.30 TUESDAYS

TRANSITION

This workshop is for parents/carers of young people starting Y7 at Secondary School in September 2023. The workshop will cover what anxiety is and how it's maintained, how to talk to your child about school transition anxieties and some practical advice on how to help your child manage their worry using a CBT approach. We will also look at how to encourage young people to become independent problem solvers.

27th June 2023 [Transitions workshop for parents/carers of children moving from yr 6 - yr 7 Tickets, Tue 27 Jun 2023 at 12:30 | Eventbrite](#)

ONGOING PARENT VIRTUAL GROUPS (4 WEEKS) 12.30 - 1.30 THURSDAYS

This group is aimed at parents and carers of children in the stated age group. This programme will guide parents how to use cognitive-behavioural techniques to help their children overcome fears and worries. The programme includes learning how anxiety develops and is maintained, that is to say what keeps children's anxiety going and prevents them getting over their fears. We will then move on to exploring what your child needs to learn to overcome their fears or worries and how to implement strategies to encourage your child to become more independent. The programme will run over 4 weeks and will be a combination of 4 one-hour group sessions, reading tasks before sessions and some in between session work such as practising techniques learned during the sessions.

ANXIETY

BEHAVIOUR

This group is based on the Incredible Years parenting programme and is aimed at parents and carers of children aged 5-9 years old. If you are interested in taking part in this group, we aim to speak with you individually to understand your child's needs and the reason for looking for support. Following this there are four group sessions, in which we cover various strategies to try at home with your child, using an evidence-based programme of carefully selected tips and ideas that scaffold onto each other and build up gradually. This way, over time you and your family will be equipped with strategies that can reduce problematic behaviour and increase desired behaviour.

5-9 year old Behaviour (introduction call and 4 sessions) 27th April 2023 to 25th May 2023 [Supporting Your Child's Behaviour - 4 week programme for children aged 5-9 Tickets, Thu 27 Apr 2023 at 12:30 | Eventbrite](#)

ONE-OFF PARENT VIRTUAL WORKSHOPS 12.30-1.30 TUESDAYS

SLEEP

This workshop is aimed at parents and carers of children in the stated key stage. We will be looking at common difficulties children have with sleep, the recommended amount of sleep for children of different ages, and ways to support children with getting enough sleep. We will be looking at strategies around bedtime routines, the sleeping environment, life-style factors which may influence sleep, and supporting children with anxiety or worries which might be affecting their sleep.

This workshop is aimed at parents and carers of children in the stated key stage. We will be using a cognitive-behavioural model to understand how thoughts, feelings and behaviours are linked and form unhelpful patterns that can lead into a downward spiral of persistent low mood. We look at ways you might be able to help your child, including addressing your child's sleep, routine, exercise and eating patterns. We will also touch on ways you as a parent might be able to support your young person's negative thoughts or unhelpful behaviour patterns.

ANXIETY

This workshop is aimed at parents and carers of children in the stated key stage. We will look at what anxiety is exactly, where it comes from, and what keeps children feeling anxious. We aim to help you get a better understanding of your child's anxiety by looking at how your children feel, think, and respond to triggers or situations that make them feel anxious. We will then introduce strategies that can help, both in the short term, such as breathing and distraction techniques, as well as longer-term strategies including helping your child face their fears and build up their confidence through supportive conversations.

ROOM TO NURTURE
ROOM TO LEARN
ROOM TO GROW

Dear Parents and Carers,

After a rewarding 20-year career in primary education, including five years at Hove Juniors, I left the classroom to work more directly and personally with pupils. Since 2020, I have been busy supporting local children in their learning journeys. The extra challenges caused by the pandemic has reinforced my belief that learning should be fun, nurturing and personalised so every child is able to achieve to the best of their abilities. I now lead a team of very experienced qualified primary and secondary teachers offering 1:1 tuition in the home and online. Our priority is to help every child thrive and grow as an individual. We help children catch up on missed lockdown learning, boost their self-esteem and encourage an academic curiosity.

If you would like to arrange a time to discuss your child's needs, arrange a home visit or just to find out more, please contact me at tutorroomltd@gmail.com.
