

HLF Key Priorities for Year 2023/24

- ❖ **1. Leadership and Management:** To diminish the difference in attainment and progress for our educationally disadvantaged and the lower 20% of all pupils.
- ❖ **2. Quality of Education:** To continue to refine our curriculum based on the most recent and relevant research to ensure that it meets and challenges the diverse needs of all pupils in the Federation and the school communities.

Our Vision

We provide high-quality education to all pupils. This is realised through strong, shared values, policies and exceptional, inclusive practice.

We are a Family of Friends who LEARN together.
