Section 1: General Policy Statement

The head teacher and governors of Hove Learning Federation believe that the health and safety of persons within the school is of paramount importance. It is our intent to prevent accidents and occupational ill health and where possible eliminate hazards in the workplace.

It is the intent of the head teachers and governors of the school to ensure that a safe and healthy workplace is provided and maintained for all our employees. This will include the provision of safe systems of work, safe plant and equipment and safe access and egress to the premises. We will ensure that adequate information, instruction, training and supervision is provided to ensure that staff can carry out their work safely.

The head teacher and governors will ensure that others who are affected by our activities are not subjected to unacceptable risks to their health and safety including pupils, visitors, parents, volunteers and contractors.

These responsibilities will be achieved by the establishment of an effective health and safety management system within the school. This will involve the implementation of arrangements for the effective planning, organisation, control, monitoring and review of preventative and protective measures. In addition, the head teachers and governors will undertake to ensure compliance with policy and guidance produced by Brighton and Hove City Council. The head teacher and governors will ensure that adequate resources are identified for health and safety.

We believe that health and safety standards will be maintained only with the co-operation of all staff, pupils and visitors to the school. We expect all staff to co-operate fully with this policy. In addition, we will ensure that all pupils, visitors and contractors are provided with the information they require to enable them to comply with this policy and remain safe. It is the intention of the head teachers and governors that procedures to ensure relevant health and safety issues are embedded within the curriculum at all levels where appropriate.

The effectiveness of the policy will be regularly monitored to ensure that health and safety arrangements are being implemented and that the people named in the policy are carrying out their duties. The policy will be reviewed annually and revised where necessary.

Section 2:

Organisation within the School to meet the requirements of the General Policy Statement.

Ultimately, the responsibility for all School organisation and activity rests by definition, with the head teacher. However, all staff have a responsibility towards safety with the specific lines of delegation being set out as shown below.

BLUE = Hove Junior School

Section 3: Arrangements for Health and Safety

3.1 Safety Responsibilities of Groups and Individuals

3.1.1 The Governing Body

The Governing Body in its role as controller of premises and employer will ensure, so far as is reasonably practicable, the health and safety at work of employees and others (e.g., contractors, pupils, visitors) in accordance with Section 2 and 4 of the Health & Safety at Work Act 1974.

In order to discharge this responsibility, the Governing Body will:

- Ensure that the Local Authority's Health and Safety Policy is delivered through this School's Health and Safety Policy
- Ensure that procedures are kept up-to-date and that arrangements are in place to ensure that all staff and students are aware of and comply with them;
- Ensure that the policy contains rigorous and comprehensive systems for active monitoring (auditing health and safety management systems, inspections and risk assessments) and reactive monitoring (accident/incident investigation) and for rectifying identified faults within the school;
- Nominate a Health & Safety Governor and ensure that the policy is monitored by the Finance & Leadership Committee.
- Ensure there is adequate provision both in staffing, facilities and resources to allow the school to meet both its legal and moral obligations with respect to health, safety and welfare;
- Receive updates on the school development plan for health and safety termly via the Head Teachers report and updates through the committee in order to enable the Governing body to monitor the adequacy of arrangements and take any action necessary;
- Consider information, statistics and reports relating to health, safety and welfare matters;
- Ensure appropriate performance management processes are maintained to enable all staff to discharge the duties and arrangements set out through this policy
- Consider and make recommendations regarding individual health and safety issues which have not been resolved at management level;

- Implement where appropriate, Executive recommendations made by regulatory bodies e.g., Ofsted and the Health and Safety Executive.

3.1.2 All Staff

All staff are responsible for their own health and safety and that of other persons in the school by the proper observation of School rules and procedures. Staff are reminded of the general duty imposed by the Health and Safety at Work etc. Act 1974 at Sections 7 and 8:

'It shall be the duty of every employee while at work

- a) to take reasonable care for the health and safety of himself and other persons who may be affected by his acts or omissions at work and
- b) as regards any duty or requirement imposed on his employer or any other person by or under any of the relevant statutory provisions, to co-operate with him so far as is necessary to enable that duty or requirement to be performed or complied with.'

'No person shall intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety or welfare in pursuance of any of the relevant statutory provisions,'

All staff shall:

- Attend and act in accordance with any relevant health & safety training identified to discharge their duties
- Ensure all accidents, incidents and near misses within their area of responsibility are recorded in line with the school procedure.
- Follow safe working procedures;
- Be familiar with the general, emergency and particular safety rules that apply to their area of work;
- Ensure that the classroom and other areas are tidy and good housekeeping standards are maintained;
- Undertake a visual inspection of equipment prior to use and ensure that any portable electrical equipment they use is made available for testing;
- Report defects to their line manager and make the equipment/area safe until the defect is dealt with;
- Take part in emergency/fire evacuation drills;
- Be familiar with lockdown procedures;

3.1.3 Head teacher

The Head teacher has overall responsibility for safety policy, organisation and arrangements throughout the school and will:

- Provide liaison with Inspectors and outside bodies concerned with safety and health: Local Authority, Department for Education (DfE) and the Health and Safety Executive (HSE) with regard to safety aspects;
- Budget for safety and health matters;
- Review the Safety Policy annually and when significant changes occur within the organisation of the school, and communicate these to all staff;
- Develop, introduce, maintain and review safety management procedures to ensure the school complies with legislative requirements and good industry practice;
- Ensure health and safety issues associated with major building projects are complied with;
- Nominate specific staff with designated safety roles, e.g. First Aiders; Health and Safety Coordinator, Risk Assessors and ensure they receive appropriate training;
- Ensure that statutory maintenance and inspections of fixed service equipment is undertaken;
- Ensure the implementation and continued effectiveness of the school's safety management framework 'Team Safety' including aspects such as risk assessment, staff training, monitoring and supervision;
- Ensure that all incidents are reported to the Health & Safety team within 5 days of the incident (especially before the end of term); those necessary records of incidents are maintained, and that incident data is monitored and reviewed to identify trends and remedial actions needed;
- Make a termly report on safety matters to the Finance and Leadership Committee.
- Ensure that health and safety is considered as an integral part of teaching and the course syllabi, both in preparation of new course submissions and in their reviews;
- Identify staff training requirements to allow the school to comply with legislative and good industry practice that relate to or affect health, safety and welfare.
- Instigate appropriate disciplinary action where it is shown that staff have ignored or shown a disregard for health and safety matters outlined within the Safety Policy, School Codes of Practice or health and safety legislation.

- Ensure that Safety Inspections are carried out at termly intervals, recorded and that necessary remedial action is carried out.
- Develop and establish emergency procedures and organise fire evacuation practices within the school.
- Ensure that health and safety is taken into account when considering any proposed or impending changes e.g., building works, room allocation/usage etc;
- Develop and adhere to safety procedures for operations carried out within the school by their staff and by outside contractors under their control.
- Ensure the provision and maintenance of all 'fire' equipment, including the preparation and review of Fire Risk Assessments;
- Have a general oversight of health and first aid matters.
- Communicate and publicise safety matters as appropriate to staff, contractors, visitors, students (as appropriate.)
- Ensure that all staff (including agency / cover workers) receive appropriate health and safety training at induction which must include emergency arrangements (i.e., first aid, fire and accident reporting), any restricted tasks and activities; and an introduction to the H&S Policy;
- Ensure that adequate numbers of staff are provided with appropriate training so that they can support the following management arrangements.
 - First aid.
 - Fire and emergency evacuation.
 - Complete the schools risk assessment list and ensure that risk assessments covering all aspects of the school's operations are in place, regularly reviewed and information is communicated to relevant staff.

The Heads of School will assume these duties in the absence of the Head teacher and has the authority to make and implement decisions throughout the school at any level if there is:

- immediate danger, or,
- dangerous practice, or
- breach of the law

3.1.4 The School Health & Safety Coordinators

The School Health and Safety Coordinator is responsible for the co-ordination of health and safety management throughout the school and will:

- Make a termly report, in conjunction with the Premises Manager/caretaker on safety matters to the Head teachers and the Finance and Leadership Committee.
- Assist with inspections and safety audits;
- Investigate and advise on hazards and precautions (and seek assistance from the Health & Safety Team if the issue is outside their level of competence);
- Develop and establish emergency procedures, and organise fire evacuation practices within the school;
- Have a general oversight of health and first aid matters;
- Monitor the general safety programme on behalf of the Head teacher;
- Make recommendations to The Head Teacher for matters requiring immediate attention, e.g., changes to legislation, outcomes of safety inspections;
- Make recommendations to the Head teachers on matters of safety policy in compliance with new and modified legislation;
- Communicate and publicise safety matters as appropriate to staff, contractors, visitors, students (as appropriate);
- Liaise with outside bodies concerned with H&S e.g., LA Health, & Safety team;
- Monitor accidents to identify trends and introduce methods of reducing accidents;

3.1.5 Educational Visits Co-ordinator (EVC)

- Engage in educational visit management in order to ensure that the Local Authority Off-site Guidance is followed;
- Work with group leaders to ensure that the aims of the educational visit are achievable and in line with those of the establishment;
- Work with the group leader to ensure there is a 'plan B' in the event of adverse weather, transport issues, emergencies etc.
- Use the online outdoor educational visits approval system 'Evolve' for all hazardous and residential trips;
- Ensure that the schools educational visits meet the Local Authority's requirements;
- Confirm that adequate risk assessments have been carried out;
- Support the Head teachers in the management and evaluation of educational visits;
- Confirm group leaders are competent and appropriate, including accompanying staff and volunteers;
- Confirm that adequate first aid cover is provided;
- Keep their EVC training up to date;

- Ensure that any incidents that take place on a trip are recorded and copies provided to the LA Health & Safety Team.

3.1.6 Heads of School

Each Head of School is responsible for safe working conditions for staff and students and will

- Alert the Head Teacher on safety matters.
- Attend to defect reports and recommendations from the Head teacher, premises manager, staff, Safety Representative and Health and Safety Co-ordinators;
- Instigate and ensure that safety procedures are developed for operations carried out within their area of responsibility;
- Ensure that all appropriate risk assessments are undertaken and communicated;
- Ensure equipment, including personal protective equipment, is maintained in a safe condition and that substances hazardous to health are stored and used safely;
- Ensure staff have received the appropriate training to ensure they are competent to undertake their role safely;
- Circulate communications relating to safety matters to staff within their control.

3.1.7 Subject Leaders

- Ensure safety procedures are developed and adhered to for operations carried out within the section ensuring that these are in line with curriculum codes of practice issued by Children's Services Department e.g., Science, Design Technology, PE, etc;
- Updating colleagues within the school in any change in practice;
- Issuing safety guidance for their curriculum area;
- Carrying out risk assessments for their specialist areas.
- Nominate, in conjunction with their manager, teachers responsible for particular classrooms and the associated equipment;
- Notify the Head Teacher of any proposed or impending changes affecting safety, health and welfare, in room allocation or usage;
- Ensure safety inspections of their designated areas are carried out and ensure that hazards identified from those inspections are rectified.

3.1.8 Teachers

Teachers are responsible to their Head of School for the immediate safety of the students in their classroom. Nominated teachers are responsible for their own classroom and their associated equipment and as such, it is their responsibility to ensure that it is maintained to a high standard with respect to health and safety issues.

Additionally, each teacher will:

- Undertake and implement risk assessments for specific activities and ensure that safe working and emergency procedures are followed personally;
- Provide safety information regarding the activity being undertaken prior to the activity commencing and during the activity, as and when required;
- Ensure that special working procedures, protective clothing and equipment are provided where necessary and are appropriate for use.
- Ensure that clear instructions and warnings are given to pupils verbally and in writing as often as necessary, and as appropriate for the age and level of understanding of the students (i.e., taking special educational needs (SEN) into account);
- Ensure they have attended any specific curriculum based/ health and safety training relevant to their role – especially in relation to science, DT/Technology and PE.

3.1.9 Learning Support Assistants/INAs

The technician/teaching assistant is immediately responsible to the teacher whilst the class is in session or otherwise their line manager.

3.1.10 First Aiders

When on duty the First Aiders are responsible for supporting health and welfare issues within the school and should:

- Be responsible for attending to and monitoring student or visitor illness/injury and referring pupils to their own GP or hospital as appropriate;
- Administer pupil medication as outlined in the HLF Administration of Medicines/First Aid Policy;
- Maintain the school first aid/ medical rooms and equipment;
- Maintain storage for pupil medication to ensure its secure but accessible as needed;
- Assist in the development of health promotion activities at the school;
- H&S coordinators will ensure adequate numbers of staff are trained in first aid procedures (to cover trips, sickness, etc) and co-ordinate the work of the First Aiders;

- Ensure that the necessary records are maintained relating to administration of medicines and incidents/ accidents following the school's procedures.

3.1.11 Premises Managers/Caretaker

The Premises Managers/ Caretaker will:

- Ensure that reports on health and safety matters with respect to the school buildings and grounds are prepared;
- Ensure that statutory maintenance and inspections are carried out with the time specification and any remedial work carried out;
- Ensure that premises safety inspections are undertaken e.g. weekly, bi-termly, and keep records of any faults identified (if appropriate);
- Attend to defect reports and recommendations from the Head teacher, staff, Safety Representative and Health and Safety Coordinator;
- Ensure all portable electrical equipment is tested on an annual basis;
- Keep records of hazards identified on site by staff and the remedial action taken and when;
- Ensure safety procedures/ method statements are developed and adhered to for operations carried out within the school by their own site staff and by outside contractors under their control;
- When liaising with contractors, ensure they have had sight of the Asbestos Register;
- Ensure equipment, including personal protective equipment is maintained in a safe condition and that substances hazardous to health are stored in a safe place;

3.1.12 Trade Union Safety Representatives

In accordance with the Safety Representatives and Safety Committee Regulations, the safety representatives will, where appointed:

- Represent the employees in consultation with the employer and with their representative; investigate potential hazards and dangerous occurrences at the workplace and examine the causes of accidents at the workplace;
- Investigate complaints by any employee they represent relating to health and safety and welfare at work;
- Represent employees in consultations with inspectors of the Health and Safety Executive and of any other enforcing authority;
- Receive information from inspectors;
- Attend meetings of safety committees to which they are elected;

- Inspect the workplace if they have given the employer or their representative reasonable notice in writing of their intention to do so and have not inspected it in the previous three months. They may carry out additional inspections where there are substantial changes in work conditions.

3.1.13 Staff Liaising with Contractors

Only the Health & Safety Officers, Premises Managers/Caretaker or School Business Managers will be appointed as lead/ main point of contact for each contractor that works within the school. The member of staff that liaises with contractors has a responsibility to take appropriate action if they either observe the contractor/ their staff undertaking dangerous/ potentially dangerous working practices or have received a report of such behaviour/ practice. Such action could include reporting the matter to the head teacher or Head of Schools for them to rectify or, failing that, reporting to the LA Health & Safety Team.

Staff must ensure that a contractor arriving at site reports to Reception and that a nominated person ensures the contractors are informed of any hazards on the school site e.g., providing access to the asbestos register. Approval must be gained by the contractor to start work. Only those staff nominated by the Head teacher to liaise with the contractors must undertake this activity due to the procedures put in place by the school to implement other council policies such as Safeguarding, Asbestos and the Management of Contractors.

3.1.14 Catering Contractor

The school buys into a traded service for School Meals via the council's contract with Caterlink. The specific requirements of the contract are covered by a Service Specification, which outlines the requirements of all parties. The contract provides for Caterlink staff to have access to and responsibility for the health and safety of the operation of the kitchen during the specified contracted hours. School staff will not enter or be present within the kitchen during these contracted periods. The traded service with the School Meals Team provides for the following:

- All reactive maintenance associated with kitchen equipment (e.g. call out for equipment faults, repair, replacement of equipment)
- Servicing of kitchen equipment
- The cleaning and inspection of canopies and filters
- The servicing of insectocutors

- Ensuring the internal fabric of the building (excluding windows, doors, and roofs) is maintained to ensure compliance with relevant Food Safety legislation.

The LA maintain responsibility for the building as Landlord. The specific responsibilities for the maintenance of catering kitchens are outlined in the 'Definition of Responsibilities of LEA and Community Schools in relation to building and Grounds Maintenance' document on BEEM.

Planned and preventative maintenance of kitchen equipment is undertaken through a traded service (Term maintenance) with Property & Design within the Council. Boilers and boiler servicing are covered within the Mechanical Services contracts.

Where the school permits others to use the kitchen outside of contracted hours (e.g. the PTA,) the responsibility for the health and safety and management of risk falls with the school. The school will satisfy themselves that appropriate insurance, risk assessment, equipment training, COSHH training and food safety qualifications are in place as required. Schools are advised to keep signed copies of any training provided the catering contractor relating to safe use of equipment/chemicals in the kitchen area.

Should the school identify any health and safety concerns with the catering contractor, then in the first instance, they should raise it with the Catering Manager onsite and make the councils School Meals Team aware at the same time.

3.1.15 Pupil

With consideration of their age, ability and any SEN or behavioural need, each student is responsible for their personal safety and that of their peers by proper observation of School rules and procedures. Each student will:

- Observe standards of dress and behaviour appropriate to the working situation.
- Heed warnings, observe rules, and ask for such warnings and rules where they are not made obvious.
- Not wilfully, misuse, neglect or damage things provided for safety.

3.1.16 Visitors/Volunteers

The Head teachers and governors are responsible for health and safety of visitors to the school, including contractors. All visitors to the school are asked to sign in and sign out when they leave the premises. Visitors will be always issued with and wear a 'visitor' pass. Each class teacher will accept responsibility for specific volunteers or visitors including checking that

they are aware of emergency procedures and supervising their evacuation in case of an emergency. Office Staff will ensure that volunteers have the necessary safety information, please refer to the school's safeguarding policy.

3.1.17 Allergen Management designated roles

The Executive Headteacher and governors will ensure the procedures contained within the BHCC Schools Allergen Management Standard are followed. This document:

- Outlines the roles and responsibilities on all parties on the safe management of allergens in schools or activities related to the school (including, designated roles within the senior leadership team, at a school operational level and within the dining hall etc.)
- Provides a clear outline of the safe management principles schools must apply in managing allergens in schools.
- Signposts to further guidance and support on the safe management of potential allergens in schools.

3.2 Finance & Leadership Committee

The Finance and Leadership Committee representing the various groups within the school is comprised of

- 1 Head teacher
- Members of the Governing Body
- 2 Members of senior management team
- 2 staff representatives

Where efforts are made to ensure as wide a spread of curriculum and support areas of the school are represented.

Overall Function and Objective: The provision of effective communication and consultation between management and employees in order that the health, safety and welfare policy is properly maintained and developed.

3.2.1 Specific Functions

- To consider information, statistics and reports relating to health, safety and welfare matters affecting the operational area covered by the Committee generally and to make recommendations/observations to the Governing Body accordingly.

- To consider and make recommendations to the Governing Body regarding individual health and safety problems which have not been resolved at operational management/ safety representative level, or at section level.
- To develop policy to improve and maintain health and safety issues for staff and pupils.
- To encourage the implementation and maintenance of effective safety rules and practices at departmental level.
- To encourage effective communication regarding health, safety and welfare matters.

3.3 Crisis Management Team (CIMT)

A crisis management team has been set up to assist in the reduction of major hazards and risks and to action a recovery plan in the event of a serious accident.

All, roles, responsibilities, and procedures are detailed in the school's site-specific Major Emergency Plan.

Functions of the Crisis Management Team

The function of the Crisis Management Team is to:

- Act as the decision-making authority for the management of an incident.
- Develop the procedures and practices to be used for handling emergencies and communicating these to all employees within the school.
- Establish and maintain a crisis management 'centre'. The 'centre' will have the necessary equipment available for rapid activation during an emergency. The equipment includes communications equipment, emergency plans and procedures, a log to record all actions taken during the crisis, necessary office equipment and supplies and appropriate maps and building plans.
- Assess the nature, degree and likelihood of threats to the school's interests (personnel, facilities, information and other assets) in order to determine the vulnerability to those threats of the school's personnel, facilities or assets.
- Test the crisis management plan on a regular basis to ensure that it is feasible and realistic. Whenever the plan is found to be deficient, immediate corrections will be made.

3.4 General Emergency Procedures

A member of the administration staff carries out the summoning of emergency services.

They will also contact:

- A member of the senior Management Team

- School Business Manager
- Premises Managers/Caretaker – [for access/ to isolate electrical supplies etc.]

The councils Emergency Planning and Resilience Team will provide the school with advice, support and equipment and undertake a co-ordinating role (where multiple teams respond,) and provide a single point of contact for other agencies. Contact details: Group email address is: epu@brighton-hove.gov.uk; Address: Unit 11, Level 5 South, New England House, Brighton, BN1 4GH

Main office number is **01273 296699**

Out of hours our Duty Officer can be contacted on **07540 675169**

3.4.1 Fire Policy and Procedures & Bomb Incident Management

The school holds a site-specific Evacuation Plan and Fire Risk Assessment. These documents outline the school's fire risks, how they are managed, and the instructions to be followed in the event of an emergency.

In the event of a suspected bomb threat, the Crisis Management Team will liaise with the Police, LEA and Fire Brigade and follow their advice on the evacuation procedure and assembly point. This will then be communicated to staff, pupils, visitors, etc by an appropriate means. Any member of staff who receives information regarding a bomb on site must immediately inform the head teacher or a member of senior management in their absence.

3.4.2 First Aid Procedure – (see also the council's First Aid Standard)

The school has carried out a First Aid needs assessment and has identified the following requirement. (The needs assessment must identify provision for term time and out of term time if the school is still in use):

Normal School Hours

EYFS & KS1

There will be at least 8 people on the staff who have current first aid training, of which 2 - 5 will be either a qualified first aider/or/paediatric first aiders and 4+ will be appointed persons.

KS2

There will be at least 5 people on the staff who have current training in Emergency First Aid at Work for Schools.

After School Hours

EYFS & KS1

There will be at least 2 people on the staff who have current first aid training, of which at least 1 will be a qualified first aider or a paediatric first aider.

KS2

There will be at least 2 people on the staff who have current training in Emergency First Aid at Work for Schools.

School Holidays

There will be at least 1 person on site who has a first aid qualification

Lone/Remote Working

- Site Managers/Caretaker have been issued with a mobile phone to call emergency services and access to First Aid supplies.

The named first aiders for the school are listed in Appendix A at the end of this document.

Correct at the time of publication. Any changes will be updated as soon as is reasonably practicably.

However, the school will always ensure adequate first aiders are identified and available, in line with our First Aid Needs Analysis/Risk Assessment.

Named first aiders are listed on posters in key locations around the schools e.g., the staff notice board, H&S noticeboard, medical room and school hall. As part of the induction process new members of staff are made aware of where to find first aider information and told who their nearest first aider is.

In addition to the First aid boxes in the medical room and or front office, a basic first aid kit is kept in every classroom. The First Aiders provide first aid support and maintain a central supply of first aid materials to supplement first aid boxes. Parents/carers are expected to inform the school if their child has an allergy and a list of any such children is kept in the front office and medical room. This information is shared with the class teachers, all supply teachers and the catering team. For further information on allergies please refer to our Allergen Management Policy.

All injuries that come to staff attention, no matter how slight, are recorded in the First Aid Book and/or HS2 Incident form. There is a first aid book and "bump notes" available with all boxes to be completed by the person administering first aid. In case of doubt as to whether or not a

child's parent should be immediately alerted, staff contact a named first aider or a member of the Front Office Staff. In the event of an accident, if the parents (and their nominated contacts) are unavailable, the pupil may be sent to hospital to err on the side of caution. In these cases, the pupil will be accompanied by a member of staff.

3.4.3 Accident Recording and Reporting

In the event of an accident, the following procedure is followed:

- Any equipment is turned off and the area is made safe (where possible)
- A call for help is made – including First Aid assistance.
- The qualified First Aider will judge whether the injury is of a minor or major nature. If minor, the First Aider will provide appropriate treatment.
- If a major, injury an ambulance will be called immediately without undue delay due to attempting to contact parents or guardians.
- If the injured person requires hospital treatment but an ambulance is not necessary, the parent/guardians would be contacted and advised to take child to hospital.
- If the parent/guardian cannot be contacted SLT are responsible for arranging for a member of staff to accompany the student/staff to hospital. Staff will not transport children to hospital in their own cars, however a member of staff will accompany the child to hospital in the ambulance

The member of staff taking the injured person will:

- Stay with the injured person and return with them; or
- Stay with the injured person until the parent/guardian arrives at the hospital and return to school.

All staff report any accident (or near misses) involving either themselves, visitors or volunteer helpers by recording the details on the Incident Report form HS2. Pupil accidents, depending on the severity are reported either in the First Aid book or Incident Report form HS2. If the incident involves intentional violence/harassment or verbal/written abuse, it will be reported using the Violent Incident Occurrence Report Form HS3.

The Health & Safety Coordinators ensure that the electronic forms are completed and emailed to the councils Health & Safety Team within 5 days. As the authority is obliged to report certain categories of injury or dangerous occurrence to the Health and Safety Executive (HSE),

it is important that the Health & Safety team be notified at the earliest opportunity of accidents or incidents that are of a serious nature to determine if the HSE should be informed.

All accidents are investigated to prevent a re-occurrence. The investigation is recorded on Part B of the HS2 form. The Health & Safety Coordinators monitor accidents to identify any trends. The Finance & Leadership Committee also receive information on accidents on a termly basis. The Health & Safety team will investigate certain incidents/accidents following receipt of the form.

3.5 Issues

3.5.1 Smoking and Vaping– (see also the Council Policy on Smoking and Vaping)

We have a specific legal duty to protect staff, contractors, visitors, and the public from the dangers of smoking and second-hand smoke (breathing smoke from other people's cigarettes). To reduce the risk to health from passive smoking, there is a No Smoking Policy.

Whilst the use of electronic or e-cigarettes, is not covered by the Health Act 2006, the manufacture of these devices is not regulated and there is evidence that the nicotine they contain can also include small quantities of toxic substances, some of which are carcinogenic. Trace amounts of other hazardous compounds and toxic metals have been found in the vapour produced by these devices.

In view of this, and the fact that more research is needed before the long-term health effects of e-cigarettes is known, the council considers it is prudent as part of its general duty to protect the health and wellbeing of its employees, to adopt the same approach to e-cigarettes as it does to the smoking of conventional cigarettes and other tobacco products. Therefore, there is a No Vaping Policy.

3.5.2 Alcohol and Drug Abuse – (see also the Council Policy on Drugs and Alcohol)

Staff attending work while under the influence of alcohol or drugs creates an unprofessional image of the school and increases the risk of accidents both to themselves and to colleagues. To minimise the probability of accidents from alcohol or drug abuse, staff whose judgment is impaired will be excluded from work and will be subject to disciplinary procedures.

Some drugs prescribed for medical reasons may impair judgment, induce fatigue and/or lower concentration. If staff feel they are affected when on medication, they must inform their line manager who will implement additional arrangements that safeguard both the individual and the staff/ pupils they work with.

Infant school staff have access to Inclusion Key Workers (IKW's) who are trained in supervision. Junior school staff should speak to their Head of School, who can arrange supervision. (Currently offered by inclusion Managers)

Staff are also made aware that they can access the Local Authority Occupational Health service, which gives access to a staff counselling, information and advice, 24 hours a day/365 day of the year. Please refer to appendix C.

3.5.3 Staff Wellbeing

Our health and safety at work is not only determined by the physical environment we work in, but also by the nature of our work, our emotional wellbeing, fitness, our relationships and issues from outside work that impact on physical and mental wellbeing.

The school considers staff wellbeing a high priority. IKW's are trained in supervision and offer support to all staff members across both sites. The Wellbeing Working Party meets every half term to discuss any issues, successes, or new ideas from staff. These suggestions and tips are then communicated to staff via our staff newsletter.

In addition to performance management reviews, the school conducts an annual staff survey to collect any wellbeing issues. Staff members, who identify themselves as being stressed in the workplace, will have a formal individual risk assessment written.

Where individuals are/could be affected, staff should discuss the matter with their line manager or the Head teacher to seek ways of reducing the pressure at work. An individual stress risk assessment will be used as a tool to help with these discussions and to identify individual action plans.

3.5.4 New & Expectant Mothers. - (See also Council Policy on New and Expectant Mothers)
Pregnancy should not be equated with ill health. It should be regarded as part of everyday life and its health and safety implications can be addressed by normal health and safety management procedures.

Many women work while they are pregnant and many return to work while they are still breast-feeding. Some hazards in the workplace may affect the health and safety of new and expectant mothers and of their children.

The following procedure is in place:

- Female staff (full and part-time) are required to inform their Line Manager and Human Resources as soon as possible and in writing when pregnancy has been confirmed.
- The Line Manager will undertake a risk assessment of the employee work activity to ensure no risk to the health of the employee or the unborn child. Copies of the Risk Assessment will be kept and will be reviewed throughout the pregnancy and if circumstances surrounding the pregnancy alter in any way.
- The Health and Safety Coordinator is available to give advice at any stage of the process, but the general principles of common risk assessment will apply.

3.5.5 Infection Control - (see also the Public Health England Risk Assessment)

From time-to-time infectious diseases will occur amongst pupils, staff and may also occur in the wider population as in the case of COVID 19. Good personal and general hygiene precautions are crucial to prevent the spread of infections and handwashing is the most important intervention in cross-infection. Refer to the Infection Control Standard for:

- Guidance on who to contact for help and advice in relation to communicable diseases at school
- Basic information on common infections and diseases together with guidance on where to get further information
- Information on the role of Public Health England

For infections in the public National Government and Local authority guidance should be followed. Risk Assessment should also be developed to minimise the spread of the infection to protect staff and pupils.

3.6 Risk Assessment

Risk assessment is a key part of the school's safety management arrangements and hazard control. Managers must ensure risk assessments are undertaken and information on identified controls are brought to the attention of staff and others who need to know.

The following staff complete risk assessments for the areas highlighted below:

- Premises Premises Managers/Caretaker and Health & Safety Co-ordinator
- Curriculum Curriculum Co-ordinators
- Off-site Visits Year Group Leader or EVC
- Individual/specific SENCo and Class Teacher or Line Manager

Managers must ensure that areas of work or activities that are deemed more hazardous have detailed and documented arrangements to minimise the associated risks and ensure these are communicated to staff and others who need to know. All staff must ensure the contents of risk assessments and any controls relating to their area of work are followed. Copies of these assessments are stored electronically.

3.7 Specific Hazards

Schools are not considered as dangerous places to work in, but they can still create risk of injury or to health. The hazards relevant to this school are detailed below along with the safe procedures put in place to manage the risk.

The schools '**Risk Assessment Guide**' outlines the risk assessments that are required in all schools; individual people assessments and specific assessments which may be required depending on the facilities, services etc within the school. The LA Risk Assessment guide has been used as a checklist to identify which assessments are needed in this school.

3.7.1 Work at Height – (see also the councils Work at Height Standard – this link takes you to the A-Z H&S Standards and Guides page on BEEM – See section V- Z.)

Activities involving working at Height are the top cause of fatalities and serious injuries in the workplace. Everyone has responsibilities to ensure activities are safely planned, those involved in working at height are competent and that risk assessments and controls are adhered to at all times.

All work at height must be properly planned and organised to ensure they are carried out safely. The hierarchy to follow is:

- Avoid work at height if at all possible
- If work at height is unavoidable, control measures must be put in place to prevent falls
- Where the risk of falling cannot be prevented, control measures must be put in place to minimise the distances and consequences of a fall

The selection and inspection of suitable equipment is an essential control feature. Chairs, furniture or other equipment not designed for this purpose must not be used to work at height or access. The procedures set out in Brighton and Hove City Councils Working at Height standard will be followed for all work at height activities.

The Premises Managers, Health and Safety Coordinators and Head Teachers are responsible for ensuring arrangements are in place for identifying and managing all work at height activities.

Premises Managers/Site Caretakers must have attended the BHCC Safer Working At Height training, which must be renewed every 3 years. This enables them to demonstrate to other staff how to use (applies exclusively to) Kick Stools and Two Step, Step Stools safely.

All staff must read the Working At Height risk assessment and should attend annual training provided by the Premises Manager/Site Caretakers at INSET training.

Work at height activities will only be carried out by staff who are **competent and authorised** for the work involved and work will only commence when risk assessments and safe systems of work are in place and understood.

3.7.2 Vehicle Safety in Schools

Vehicles at work are a major cause of fatal and major injuries nationally every year. All schools have delivery and waste collections on their sites, and some have provision of parking. All vehicle movements must be considered in relation to how traffic is managed. Detailed guidance is available via BEEM A-Z (Vehicle Safety in Schools) on issues to consider ensuring transport risks are managed.

Further information and support in developing your arrangements is available from:

The Premises Managers/Caretaker or Health and Safety Co-ordinators are responsible for ensuring vehicle safety arrangements are in place including risk assessments.

3.7.3 Asbestos

The school has had an asbestos survey completed for the premises. Staff will be informed of the locality of any asbestos containing materials within the school and a record will be made that this has been undertaken. Asbestos materials in good condition are safe unless fibres become airborne, which may happen when materials are damaged. It is essential that where asbestos has been identified staff follow safe working systems within the school to ensure that the fabric of the building is not disturbed and follow the escalation procedure in the Asbestos Policy where damage to an asbestos material has been identified. The Health and Safety Coordinators and the Premises Managers/Caretaker are responsible for Asbestos management arrangements in the school including ensuring all staff are informed of the arrangements in place and any responsibilities and procedures they need to know. The Health & Safety Coordinators or Premises Managers/Caretaker will liaise with contractors to ensure they are provided with relevant safety information and will be responsible for approving works to be undertaken in the school.

3.7.4 Legionella – (see also Council Policy on Legionella)

The risk of contracting Legionellosis from our water system is low, but a managed approach to the condition and use of water systems is vital to manage risk, raise awareness of standards and ensure compliance with statutory requirements.

A risk assessment has been undertaken and this will be reviewed on a bi-annual basis, or when major changes have occurred. Water temperature monitoring and sampling will be undertaken by the term contractor directed by the BHCC Compliance Manager, Premises Team. Other on regular monitoring as directed by the risk assessment will be undertaken by the Premises Manager/ Caretaker. Legionella awareness training is mandatory for all duty holders with responsibilities for control or management of premises / water systems.

Further information on training can be found on the learning gateway.

3.7.5 Display Screen Equipment (DSE) – (see also Council Policy on DSE)

All staff who are DSE 'users' (use a computer continuously for one hour or more and have no discretion on using the equipment,) complete DSE e-learning and a Workstation Self-Assessment. Where health issues are raised, the assessment is reviewed by a DSE Assessor. The DSE Assessor then completes a DSE Assessment on the individual.

All DSE Users should have an eye test every 2 years. Staff should ask their manager to sign the DSE01 form and can take it to the opticians of their choice. They should ask their optician to confirm on the form if they require glasses for DSE use. Staff can then claim back up to £25 for an eye test and up to £45 towards the cost of DSE glasses via the expenses claim process on Pier.

3.7.6 Electrical Equipment

All staff are responsible for ensuring that they carry out a pre-use visual check and handle electrical equipment sensibly and safely. Any pupil or volunteer who handles electrical appliances does so under the supervision of a member of staff who will also direct them.

An EICR (Electrical Installation Condition Report) is at least every 5 years. Faults identified by the EICR will be addressed in the timescales recommended. Health and Safety legislation requires that employers take reasonable steps to ensure the safety of electrical appliances in the workplace. As part of providing this assurance we have a regime of PAT (portable appliance testing) based on Brighton and Hove City Council's HS-G-65 'Electricity at Work' Guide. The Health & Safety Coordinators/Premises Managers/Caretaker are responsible for maintaining accurate records of the testing, ensuring that all equipment in current use is checked and for making arrangements for the equipment to be accessible for testing.

If there is any doubt about the safety of the equipment, it will not be used. Any potential hazards will be reported to Health and Safety Coordinators, Premises Managers and Heads of School immediately.

The head teacher must be made aware of and approve the use of any item being brought into schools by a member of staff, volunteer or a student. The head teacher must be made aware of and approve the arrangements for temporary electrical extensions required for drama productions, Christmas decorations etc.

3.7.7 Manual Handling (see also Council Policy on Manual Handling)

All equipment must be moved safely. Large pieces of equipment will only be moved by people who have received manual handling training. PE equipment may be moved by pupils, but they must be given clear instruction in the correct way to lift and handle items. There must always be at least two pupils per piece of equipment or mat. Close supervision is maintained at all times.

3.7.8 Housekeeping

The risk of injury within the workplace is most likely to be caused by the more mundane hazards as a result of poor housekeeping. It is the responsibility of the teacher to ensure that their classroom has clear traffic routes and that exit routes are kept clear. The Premises Manager/Caretaker undertakes an inspection whilst opening the school each morning to ensure that communal areas are free from trip hazards, etc. The Premises Manager/Caretaker reports all hazards, obstructions, defects or maintenance requirements that they have been unable to resolve to The Health and Safety Coordinators. It is the duty of all staff to be vigilant and aware of possible hazards. If any spillages occur, these are dealt with immediately.

The school is cleaned as per the cleaning schedule and is monitored by The Premises Manager/Sensis*. All waste is disposed of according to appropriate health and safety guidelines.

3.7.9 Off-site Visits

Educational Visits Coordinators (EVC) have been appointed. The school has a separate policy on Off-site visits. Staff must ensure that prior to planning or accompanying an off-site visit, that they are aware of the school and council policy on educational visits.

3.7.10 Hazardous Substances (see also Council Policy on Hazardous Substances)

Responsibility for implementation of the COSHH Regulations, annual review and (where necessary) updating has been delegated to The Premises Manager/Sensis.

The school/Sensis will hold a material/product safety data sheet and a written risk assessment for any hazardous substances used.

*HJS Cleaning Service

3.7.11 Noise at Work

All members of staff need to be aware of “nuisance noise” and respect the needs of others in the school. Common sense and courtesy by all members of staff, students and visitors to the school will prevent problems arising. Any member of staff or visitor detecting a potential problem will report immediately to The Health and Safety Coordinators.

Machinery with the potential to create hazardous levels of noise will be maintained and inspected in accordance with the manufacturer's instruction to ensure noise levels are kept to a minimum. Noise will be considered as hazard within departmental risk assessments as appropriate.

3.7.12 Lettings

The Head teacher must be satisfied that the hiring organisation will use the school premises in a safe manner. A signed, written letting agreement will be completed and copies kept. Copies of letting agreements will be held electronically and held in the front office. The school will maintain the premises being let in a safe condition and communicate any unsafe conditions or hazards with the lessee. It is the responsibility of the lessee to ensure there is adequate first aid arrangements in place and to report any hazards/ defects or incidents involving the premises/ any leased equipment following the school's hazard/ incident reporting procedures.

3.7.13 Administration of Medicines

The school follows the council's Administration of Medicines Policy. (Please refer to the school's Administration of Medicines Policy). The school maintains consent forms and records of medicines administered.

3.7.14 Lone Working

- Staff should not work alone without the permission of the H/T.
- Lone working should not be a habit but an exception;

Staff working late will: -

- make themselves aware of the essential contact numbers;
- have their mobile phone to hand;
- keep external doors to the building locked to prevent unauthorised access (subject to fire escapes being maintained);
- inform other members of staff working late when leaving;

- inform family/next of kin of intentions to work late and expected time of completion;
- confirm with the Executive Headteacher and/or Premises Manager/Caretaker the requirements for securing the building and setting the intruder alarm
- HLF Site Manager/Caretakers will use the premises WhatsApp Group to confirm they are safely off site.

3.8 Training and Information

A training needs analysis is undertaken by The School Business Manager to identify the mandatory health and safety training required for each member of staff and is reviewed annually. The head teacher/ Heads of Department will ensure that staff are released for this training.

All members of staff receive a comprehensive health and safety induction when they commence employment with the school and the induction includes specific elements of this policy being brought to their attention. A volunteer will receive a specific induction relevant to the activities they are undertaking in school. If any member of staff feels the need for training, they must alert their line manager or senior management team

The school has developed a Supply Teacher Pack and Visitor Safety Guide.

3.9 Monitoring Health and Safety

Health and safety standards are monitored by the senior management team, in conjunction with the school governors by the following

- SLT include health and safety as part of the agenda of their regular meetings;
- The governors' agenda and head teacher's report to the governors both have health and safety as standing agenda items.
- The head teacher conducts an annual inspection with a trade union safety representative (where appointed);

3.9.1 Inspections

To maintain and improve standards throughout the school a termly premises inspection takes place and records kept. The school is inspected by the Premises Managers, Health and Safety Coordinators and the Health and Safety Governor. All defects to be put on to a schedule and prioritised for future action.

3.9.2 Auditing

As a means of confirming that the necessary systems to comply with legislation are in place and are being followed, the council will complete a health and safety audit as part of a rolling programme. The action points identified through the audit will form part of the school development plan.

3.10 Health & Safety Policy Review

The school acknowledges that the Health & Safety Policy is a working document that includes details of policy and procedures relating to health and safety issues.

The school will monitor and update the Policy as appropriate and will undertake a formal review on an annual basis seeking endorsement from the Finance and Leadership Committee.

Appendix A

List of Useful Contacts in School

Contact	Name
Health and Safety Governor	Emer Gardener Lisa Marshall Marcel Armour
Health and Safety Coordinators	SR - Linda Burtenshaw/Doreen McCorkell PR – Kate Newman HR – Pam Barry and Dave Mason
Educational Visits Coordinator	Niamh O’Shea SR Kate Newman PR Lorna Cummings HR
Curriculum Coordinators	Refer to Curriculum Responsibility list
First Aid Coordinator	SR - Linda Burtenshaw and Doreen McCorkell PR – Louise Breakwell HR – Katie Sankey & Pam Barry
Person responsible for reporting Accidents/incidents	SR - Linda Burtenshaw and Doreen McCorkell PR – Kate Newman HR – Pam Barry
Trade Union Safety Representatives	TBA
Health and Safety Committee (if appropriate)	Finance and Leadership Committee
First Aiders	Please see list attached for site specific details

Appendix B

Record Keeping

In the previous sections, reference has been made in various places to record keeping. There follows a list of those responsible for maintaining such records and where they are kept.

Records of	Produced by	Where kept
Accidents on Site	Those involved in the accident	Main Office & Electronically
First Aid administered	First Aiders & Appointed Persons Trained Fire Risk Assessors	First Aid Room
Fire Risk Assessment	SR Doreen McCorkell & Dave Mason PR Kate Newman & Dave Mason HR Pam Barry & Dave Mason	Main Office & Electronically
Asbestos Management Plan	Office Managers/Premises Manager Headteacher/staff	Main Office & Electronically
Medicines administered	First Aider/Administrative Staff	Main Office Medical Area
Risk Assessments	Head teacher/Staff	Electronically
COSHH Assessments	The Premises Manager Sensis	Main Office & Electronically
Electrical Tests	LEA approved contractor	Main Office & Electronically
Maintenance of machinery and equipment	LEA approved contractor/ Premises Manager/Caretaker /Sensis	Main Office
DSE Assessment	DSE Assessor	Electronically
Manual Handling Assessment	Heads of relevant Departments	Electronically
Training of staff & students	Head teacher/Heads of School/H&S Coordinators/Staff	Various
Violent incidents	SLT	Main Office & Electronically
Testing of Equipment	LEA approved contractor	Main Office & Electronically
Accident Investigations	Staff involved in accident & H&S Coordinators	Main Office & Electronically
Noise Assessments	LEA approved contractor	
Legionella testing	Premises Manager/Caretaker and LEA approved Contractor	Main Office & Electronically
